

Reading eggs

Regular reading does accelerate progress. The more children practise the better and more fluent they will become which has a very positive impact on their learning. Reading eggs is fantastic as it is a fun way to practise their skills needed for reading.

To access reading eggs please follow the following steps:

1. Go to: <https://readingeggs.co.uk/>
2. Log in with your child's user name and password - sent on SchoolPing.

The first time you log in please:

1. Click 'reading eggs'.
2. Click my lessons.
3. It will then ask the children to do a placement test as it will be the first time they have logged in. [Please click the blue button - start at lesson one.](#)
4. They will then be able to work through the activities collecting golden eggs!

Sometimes we will send home work out on reading eggs - if we do this will come up automatically when your child logs onto reading eggs.

After you have logged in for the first time you can also play on 'fast phonics':

1. Click 'Fast Phonics'
2. You can then work through the activities there too!

If you have any problems logging in please let us know on reception@stmartinsschool.org.uk.
