

10th June 2025

Dear Parent/Carer,

Back in September 2023, the Kaleidoscope Multi Academy Trust launched its new Behaviour Curriculum across all the schools. We are delighted to say that the curriculum has been implemented successfully and has now become part of the normal expectations in school.

Alongside a school's behaviour curriculum, we have implemented a new set of consequences which have now been embedded across the academy.

It is the aim of the academy to continuously improve across all aspects of behaviour, based on research and staff input. The behaviour team have carried out monitoring over the last 18 months and have identified two areas for improvement:

1. Presently, we contact parents when a red card is issued. Through monitoring of the yellow cards issued, we have now decided that parents will be contacted after the second consecutive yellow card (C3) has been issued. This is to advise parents that their child's behaviour needs support before being escalated to a red card.
2. The red card (C4) consequence criteria will remain the same apart from one area. Currently racism behaviour requires a red card to be issued. At this stage, it can be because of mis-understanding of a word or phrase heard from somewhere else i.e. song, movie another older child. At this stage, a restorative conversation is held and work undertaken with the child to ensure that this is not repeated.

However, should racist behaviour be targeted at another child and intent is clearly shown then this becomes more serious. Therefore, we are adding a second tier for racist behaviour in to the criteria for C5 – Extremely Serious tier. Racist behaviour will not be tolerated in any form across the Academy in line with our Equality Policy.

If you have any further questions please arrange to see your Head of School/ Behaviour Team representative in your school.

As always, we appreciate your support.

On behalf of the Behaviour team,

Mr K James
Head Teacher
Christ Church CE Primary School
