

## After School Club – Terms 3 & 4 Update

We made a winter window as the After School Club children were wishing for snow at the start of Term 3. They used their hand prints to make penguins for an iceberg and had a go at designing their own snowflakes. Well done to Abigail and Alicia who even made jokes for their penguins.

After February half term, we started to make Mother's Day gifts. The children used a large selection of beads, kindly brought in by Mrs Batty and Freya (Freya was an amazing volunteer who is with us on a Monday night) to make beautiful bracelets and wrapping them.

The children worked really hard making their special gifts and the team really hope you enjoyed wearing them. The children also had the opportunity to make cards - we were very inventive this year and used forks to make tulips.

We had to share these amazing works of art.  
Well done to both Oscar in Reception and Bailie in Year 3!

### Messy Church – St Martin's Church Group:

The Messy Church group provided the children with an abundance of Easter activities at school last term. The children thoroughly enjoyed the Easter and May sessions.
