

## EYFS Intent

At St Martin's Primary School, we recognise children's prior learning and various starting points, and use this to provide a holistic, meaningful curriculum that builds and embeds strong foundational skills and knowledge for their future learning.

We inspire our children to become accomplished, happy individuals, ready to reach their full potential in an ever-changing world. We strive to develop their sense of well-being and ability to regulate their feelings so that they feel confident, resilient and show empathy with others.

We provide our children with a curriculum that is enriching, engaging and exciting so that their unique needs, passions and interests are embraced. We celebrate differences.

We believe that all children deserve an education that is rich in awe and wonder and that fosters children's imagination, creativity and inquisitive minds. Our EYFS curriculum is designed to promote and encourage a love for learning and develops confidence and independence.

Our nurturing and language rich environments ensure that children experience high quality conversations and interactions that develop their vocabulary and understanding of the world around them.
